

2023 Finney County Fair Carcass Show

Support Finney County 4-H and FFA by purchasing a pork, lamb, goat, or mini beef carcass.

If you are interested in purchasing a 4-H/FFA carcass from the 2023 Finney County Fair Carcass Show, please follow the steps below. Carcasses are available on a first come, first serve basis due to a limited number of animals to purchase. There will be a wait list for additional buyers.

- **Contact Stephanie Wildeman, Finney County Fairboard Secretary, to purchase all carcasses.** (Contact information below.)
- Due to the limited number of carcasses available, **please contact Stephanie to purchase prior to the 2023 Finney County Fair** (July 15-22, 2023).
- All carcasses will be sold at the designated floor price and floor price will be based on live weight of the animal.
- To ensure that our 4-H/FFA members receive their checks in timely manner, we are asking for a **\$50 deposit for each carcass**. Please pay the deposit before the fair.
- All carcasses will be processed and packaged at either Ehresman's or Buster Red Meats (Garden City Community College) after the carcass show.
- After purchase and payment of deposit, information will be provided on how to designate meat cut and packaging preferences. This must be completed before **Monday, July 24, 2023**.
- **Floor Price Payment:** Buyers will be receiving an invoice from the Finney County Fairboard for the designated floor price per pound live weight for the animal. This payment will need to be **made payable to the Finney County Livestock Sale**. Payments are due no later than **Friday, August 4, 2023**. Upon receipt of payment, the Sale Committee will then send the money to each individual youth that owned the animals. Please mail payment to the Finney County Livestock Sale, c/o Finney County Fairboard PO Box 891, Garden City, KS 67846.
- **Meat Processing & Packaging Payment:** You will be notified once your carcass meat has been processed, packaged, and is ready for pick-up. Buyers will pay the processors directly for all processing fees.
